

How to change your Major

If you are doing Bronze (or a Direct Entrant at Silver or Gold) and are part way through your Award you can change the Section you have chosen to be your Major. To do this

1. Click on the drop down list icon (v) next to your name and select **Change Major Section**.

2. You can then select which of the other two sections you want as your Major Section and click **Save**.

Troubleshooting

- **I am unable to change my Major Section** You can only change your Major to a Section that is InProgress. If you have not setup a Section yet, or have sent a section to your Assessor or Award Leader already you will not be able to change Major. If your Award Leader has already signed off a Section, but you want to change this to your Major please email us (info@dofehillary.org.nz) and we can help you.
